BASE BALL.

Hopkinsville Won Two Games From Henderson.

New Players Recently Signed On Local Team Have Reported For Duty.

The Hopkinsville base ball team was victorious in two of the three games played with Henderson, on the latter's grounds, last week. The first game resulted in favor of the local club, the score being 8 to 5. On Thursday Henderson won by 6 to 3. Friday's contest was won by Hopkinsville, the score being 5 to 3. The Hopkinsville team went from Henderson to Cairo, and lost the first game of the series at that place Saturday. The score in this game was 8 to 1 in favor of the Egyptians. The second game at Cairo was won by Hopkinsville by the score of 7 to 2. This was a thirteen-inning contest. The score was a tie at the end of the ninth inning. Neither side scored in the tenth, eleventh and twelfth innings. In the thirteenth Hopkinsville made five runs. The local team closed the series at Cairo yesterday, and will play at Paducah today, tomorrow and the next day.

At Vincennes Thursday the team of that place defeated Cairo in a close game, the score being 1 to 0. At Clarksville, Paducah won from Clarksville, the score being 5 to 3.

On Friday, at Clarksville, the pads again defeated the Tennesseans by the score of 7 to 3, and the Cairo club won from Vincennes, the score being 7 to 3.

Clarksville lost to Paducah Saturday, making three straight—the whole series—lost to the visitors.

Henderson won from Vincennes at Henderson the same day. Paducah was also victorious in the second game with Clarksville, the score being 9 to 4. At Vincennes the same day Henderson won from the Indians by the score of 6 to 5.

Piephal, of Louisville, who was captain of the Cairo club last season, has signed with Hopkinsville, and arrived last week. He is playing short stop. Briggs of Little Rock, Ark., who a few days ago signed with the locals, joined the team at Cairo Sunday. He plays outfield and is a heavy hitter, and will join the local team this week, resuming his place on third base.

Marre, of Little Rock, formerly of the Baton Rouge, La., team, has signed with the locals, but was claimed by Clarksville, Miss. President Hancock received a telegram from Robt. Pender, manager of the Baton Rouge team, Saturday, which contained the following: "Marre can play where he pleases. Clarksville has no claim."

The next game on the local diamond will be between Hopkinsville and Clarksville. The first contest of the series will come of Friday next, June 17. Great crowds will doubtless witness these games.

Colored League.

Plans for launching the first baseball league ever organized in the South composed of negro players have been completed and a schedule will be adopted at a meeting of managers in Memphis this week. The league will consist of clubs in Memphis, Hot Springs, Little Rock, Paducah, Nashville and Louisville.

TRIGG COUNTY PATIENT.

Miners are Dumped Upon Kansas Soil.

Penniless Refugees Speedily Driven Back Into Colorado by an Armed Posse.

Syracuse, Kas., June 11.—Seven-departed Victor, Col., miners that were sent out from that state in a special train in charge of Colorado militiamen were literally dumped into Kansas today and left destitute and penniless on the prairie. The militia fired a volley at their deserted charges and returned to Colorado. Later the unfortunate miners were turned back into Colorado by an armed Kansas sheriff and forty deputies.

Strike is Ended.

Victor, Col., June 12.—Every mine in the camp with the exception of the Portland, will resume operation tomorrow. The backbone of the unions was broken on Friday, when the military authorities took men from their homes and landed them on the bleak and unweaving prairies of Kansas. The strike, which has cost the State, the mine-owners and miners at least \$25,000,000, is practically ended. It is asserted that thirty-five or forty men now in the Bull Pen will be executed for crimes committed within a fortnight. Troops will be withdrawn tomorrow, and Sheriff Bell will be in command of the situation.

TO RETURN MINERS.

Federation Will Pay Cost of Transportation From Kansas

Denver, Col., June 11.—Secretary Treasurer Haywood, of the Western Federation of Miners said the men deported to the Kansas line, who are now at Holly, will be brought to Denver at the expense of the Federation, if they wish to come. He sent money to Holly today for their expenses.

KNOX FOR SENATOR.

Trust Interests of Pennsylvania Want Him Out of Cabinet.

Philadelphia, Pa., June 9.—Philip C. Knox, Attorney General, is asserted here today, will succeed the late Matthew S. Quay in the United States Senate if the great financial interests have their way. It is stated that representatives of the Pennsylvania and allied railroads, the United States Steel Corporation and the Standard Oil Company are back of the Knox movement. The aim of these corporations, it is alleged, is to check further operations by the Roosevelt administration under the anti-trust law, and for that reason they want to see Mr. Knox out of the Attorney General's office. The vacant Senatorship they have seized upon, it is explained, as a means of removing Mr. Knox from the President's cabinet.

Messrs. Harry Thacker, Jap Fugua and Irwin Fraser, all Lafayette young men now in business in Texas, are here on a visit to relatives.

REV. GIVENS RESIGNS

Pastorate at Salem and Will Go West.

The Rev. John W. T. Givens, for the past five years pastor of Salem Baptist church, a few miles south of this city, has resigned his pastorate and his resignation has been accepted, says the Pembroke Journal. Rev. Givens has accepted a call to the Washington Avenue Baptist church, Oklahoma City, Okla. His many friends here wish him well in his new home. His successor at Salem has not yet been chosen.

JUDGMENT GIVEN

Against Cumberland Telephone Co. in Sadiesville, Tenn.

An important case was heard Wednesday morning in the Circuit Court, being that of Dr. M. L. Bradley vs. the Cumberland Telephone & Telegraph Co., which involved the question of the maintenance of a public telephone station at Sadiesville, Tenn., News.

The facts are that Dr. Bradley gave the telephone company the right of way over his lands for the large trunk lines of the Americas Telephone, conditional that they were to open and keep perpetually open a day station at Sadiesville. This the company violated and hence the suit. The jury returned a verdict of \$40 as six months' damages, and as under the rulings of Judge Bell, Bradley can bring a multiplicity of suits. Leland Hume, General Manager of the company, who was present when the case was heard, immediately sent an agent to Sadiesville to open an office and the people of that vicinity will not longer suffer the disadvantage of not having public telephone service.

REV. J. A. KIRTL

Preaches a Trial Sermon at Locust Grove Sunday.

Rev. Jas. A. Kirtley, Jr., a young Baptist preacher, a son of the distinguished minister of the same name, preached at Locust Grove church Sunday and made a fine impression on a large congregation. He will remain in the county for a week and will on next Sunday preach a trial sermon at South Union church. A vacancy in the pastorate of these two churches was recently caused by the resignation of Rev. A. F. O'Kelly, and Mr. Kirtley may be called to succeed him. The two churches employ a pastor together, who preaches twice a month to each church and makes his home in this city. Mr. Kirtley comes well recommended and is one of the rising young men of his denomination.

Platform For State Democrats.

The Democratic party of Kentucky, in convention assembled, affirming its faith in and adherence to the great and fundamental principles of Democracy as expounded by Jefferson, exemplified by Jackson and ably defended by Bryan, adopts the following resolutions:

We condemn the oppressive, unnecessary and unjust system of Federal taxation established and maintained by Republicans, and demand a revision of existing tariff laws in a conservative spirit of fairness and justice.

We condemn the appalling increase in the expenditure of the Federal government under Republican rule.

We condemn the flagrant encroachments of the President of the United States on the constitutional powers of Congress.

We condemn the colossal curse of our country known as trusts, and we demand "a change of system—a change of administration—a change of parties—that we may have a change of measures and men."

The scandals and corruptions in the Postoffice Department and the refusal of the Republicans to permit any further investigation are suggestive of hidden or concealed corruption. We are, therefore, in favor of a thorough investigation of all the departments at Washington in order that fraud and dishonesty may be discovered and punished, and a pure and honorable and efficient administration of public affairs secured.

We declare that the refusal of the Governor of Indiana to surrender on the requisition of the Governor of Kentucky the persons of William S. Taylor and Charles Finley, fugitives from justice, charged with complicity in the murder of Gov. William Goebel, is reprehensible, unprecedented and illegal, and deserves the severest condemnation of all lovers of law and justice.

It is with pride and pleasure that we point to the splendid condition of our Commonwealth under Democratic rule. The State is free from debt, and law and order everywhere prevail. We, therefore, unequivocally endorse the wise, patriotic and economical administration of Gov. Beckham and our other State officers, and we mark with much satisfaction the striking contrast between their administration of public affairs and that of W. S. Taylor, which brought shame and disgrace to the Commonwealth.

We have confidence in the Democracy, integrity and sagacity of the delegates appointed by this convention to the National Democratic Convention at St. Louis, and they are sent without instructions from this convention, but they are required to vote as a unit upon all questions coming before the National Convention.

Can't be perfect health without pure blood. Burdock Blood Butters makes pure blood. Tones and invigorates the whole system.

The Annihilation of Distance.

How much nearer to each other the nations of the world seem to be today, and really are, than was the case a few decades ago! When weeks and months were required for communication between the United States and Europe the countries of the old world appeared to be a long way off. Now the circumference of old earth is belted with telegraph and cable lines in every possible direction. What happens today in Europe, Asia, Africa, Australia, South America and the great islands of the sea is made known to us tomorrow by great newspapers like the Chicago Record-Herald, whose foreign correspondents are located in every important city of the world outside of the United States. In addition to its own staff correspondents the Record-Herald enjoys the foreign news service of the New York Herald, famous for many years for the reliability of its foreign news, the New York World, and also of the Associated Press. No daily newspaper in America possesses facilities so varied and extensive for covering the news of all nations.

THANKFUL PEOPLE.

They are Found in Every Part of Hopkinsville

Many citizens of Hopkinsville have good reason to be thankful for burdens lifted from aching backs, which they bore patiently for years. Scores tell about their experience publicly. Here's a case of it:

J. W. Tunks, of 312 West Seventh street, who is employed at M. C. Forbes' planing mill, says: "The condition of my health was such as to cause me a great deal of worry about my future. I had an almost constant aching across the small of my back and the kidney secretions were highly colored, excessive and irregular, in fact, the disorder was so pronounced that it had been said that it bordered on diabetes. I also suffered at this time with indigestion, which caused me a great deal of distress. At one time I was scarcely able to do any work at all for nearly a year. I doctor and tried various remedies but nothing did me any permanent good until I used Doan's Kidney Pills, which I procured at Thomas & Trabern's drug store, and by the time I had finished the box I found that they had brought about so decided an improvement in my condition as to convince me of their real worth, and I am more than thankful for the relief that I have received."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

DIED FROM INJURIES.

Zeke Mirrict Beaten to Death By His Brother.

Cadiz, Ky., June 9.—Zeke Mirrict died at his home, three miles from Wallonia, as the result of a beating inflicted by his brother, Robert Mirrict. The two brothers met at Fred Mirrict's, their nephew and a son-in-law of Zeke Mirrict, Sunday afternoon, and began a quarrel which grew into a fight. In the encounter the dead man's eyes were nearly gouged out and his thumb bitten off.

Robert Merrick is the father of Frank Merrick, who created so much excitement three or four years ago by forging a number of checks in Illinois on prominent business men of Princeton. He died while in custody, and his body was said to have been stolen or taken from the grave.

Zeke Mirrict was about sixty years of age.

Malaria.

Have you a slow and intermittent fever; chills creeping up the spinal column, especially in the middle of the day; aching back and limbs; cold hands and feet; flushed face with evening heat? These are malaria symptoms. Do not delay but begin a course of treatment to head off the disease. Pure blood will withstand the attack of poison better than impure blood; and as pure blood is the result of a healthy condition of the stomach, you should get rid of the disease at the first.

Ballard's Syrup, Pepsi, a perfect stomach remedy, a gentle laxative and strengthens all of the organs of assimilation. Sold by druggists and dealers in medicines.

PLEASED

With Action of Kentucky Democratic Convention.

Washington, June 9.—All kinds and conditions of Democrats here seemed pleased with the action of the Kentucky Democratic Convention.

The Bryanites are delighted at the compliment paid their champion and predict that he will dominate the delegation at St. Louis. The Hearst men claim that they were strong enough to defeat instructions for Parker, and that more than half of the delegation are for their candidate. The Parker men say that they have the assurance that the delegates selected are for the New York Judge by a large majority. So it seems that all the factions are satisfied with the result.

VIRGINIA DEMOCRATS

Elect Daniel, Martin, Montague and Brayton as Delegates.

Richmond, Va., June 9.—The State Democratic Convention met here to-day and State Chairman Ellison announced the following permanent organization:

Chairman, Judge E. Cassell, of Radford; Secretary, Joseph Button, of Appomattox; Sergeant-at-Arms, W. P. Lehman, of Richmond.

Judge Cassell on taking the chair said that the State of Virginia had not been conspicuous for many years, but this year the State could and would take a leading part in removing Roosevelt from the muckdook of Republicanism. He denounced President Roosevelt as a "sham reformer." The President's Northern friends, he said, "gagged at the mention of his name, for he eateth with negroes and drinketh with them."

He appealed to the Democracy "in the sacred name of history, in the name of prosperity and future hopes, to bury all differences and unite to save this country."

Then followed the reports of the District Committees.

At to-night's session the convention elected Senators Daniel and Martin, Gov. Montague and the Hon. A. C. Brayton, of Staunton, delegates-at-large to the St. Louis Convention.

As Poor as Job's Turkey.

Mr. Charles E. Sugg, of Henderson, wants to know the origin of the saying "As poor as Job's turkey." A version of it that is at least seventy-five years old is that about forty years before that in Virginia one Job Leavitt was possessed of a solitary turkey. Job was a man who left everything on his place to shift for himself. A party of roysterers were camping on a small stream near his house and they tried that they wanted a turkey to replenish their larder, as they spent too much time drinking to provide themselves with game which was the object of the expedition. When the turkey was suggested, one of the crowd suggested that they steal Leavitt's solitary fowl. Another, who knew Job and his habits, proposed another roost some distance away, and when asked his reason for wanting the Leavitt fowl spared, said: "Why, Job's turkey is sold—poor that he has to lean up against the door to gobble." The facility with which smart or catchy sayings passed into proverbs in those days insured the life of this one, and it has been current ever since.

Only one remedy in the world will at once stop itchiness of the skin in any part of the body; Doan's Ointment. At any drug store, 50 cents.

Judge Haskins' Condition.

Owensboro, Ky., June 9.—County Judge H. M. Haskins has been growing gradually worse during recent days, and his illness has reached such a stage that his immediate friends fear that he can not survive many days, and they have practically no hope of his final recovery. The Judge has not been able to do any official work or to visit his office for some time.

Acute Rheumatism.

Deep tearing or wrenching pains, occasioned by getting wet through; worse when at rest, or on first moving the limbs and in cold or damp weather is cured quickly by Ballard's Snow Liniment. DOCTORS BAFFLED

By Case of White Man Who is Turning Black.

A remarkable case of a man's body changing its color engage the attention of the doctors of the London Hospital, says the London Telegram.

Just over two years ago a man named Dodd was admitted to the Poplar and Stepney Sick Asylum. His skin was much the same as that of other white men, but since that time it has been gradually turning darker.

Already the skin in spite of medical efforts to reverse its color, has become so dark that he is likely to become absolutely black, unless the skill of the London Hospital staff can arrest the course of this strange complaint.

It is stated there is no apparent reason for the extraordinary change which is taking place.

Such cases are very rare, but on inquiry at the London Hospital the information was given that there are certain drugs the consumption of which has been known to turn a white man's skin almost black.

But there is no suggestion that the taking of drugs is the explanation in the present case, and hitherto the doctors have been quite baffled by the uncanny metamorphosis.

Dodd is to be removed to the London Hospital and placed under a course of treatment.

Although cases of white men turning black are apparently unknown to science, negroes are known to have turned white, although X-ray experiments in America were reported in December last to have succeeded in bleaching parts of the skin of certain negroes.

The Blind May See.

Dr. D. Garfinkle's Eye Remedy cured a blind Tennessee negro, named blind with one eye, complicated eyes, water, itching, burning, inflamed eyes, and wild hairs. Many had sores or pustules on their eyes; could not see and were given up by doctors as incurable. At a pay of one dollar a day, Dr. Garfinkle wrote for free sample. Call for free sample.

A Summer Home.

A modern Southern home, illustrated in the Delineator for July, commands not only to those who dwell in torrid parts but as well to those in northern parts who build with an aim of lessening the discomforts of the summer climate.

In the exterior, Portland cement and rough sawed chestnut, gray stained are the main factors, giving a solidity that is well calculated to resist the rays of the sun, without, however, sacrificing the artistic proportions. Commodious, high ceilinged rooms and green woodwork within contribute to the appearance of coolness, while a quaint effect is given by the furnishings and decorations. Cozy inglenooks and interesting mantels are other attractive features of the summer home.

DEADLIEST POISON.

Cyanide of Cadocyl Kills Instantly

If Inhaled.

A new and most deadly poison has been discovered recently, as noted in a scientific journal, by Mr. Lascelles Scott, an Englishman. The substance is scientifically known as di methylarsine cyanide, or more familiarly as cyanide of cadocyl. Three grains of this substance diffused in a roomful of people would kill all present. It is a white powder melting at 33 degrees, and boiling at 140 degrees, when exposed to the air it emits a slight vapor, to inhale which is death. While trying its effect upon animals Mr. Scott experienced the deadly nature of this poison. One millionth part of cyanide of cadocyl in the atmosphere of an air-tight cage killed a dog almost instantaneously, and then its power was by no means exhausted, for a second, third and fourth dog placed in the same cage instantaneously died from the effect of that single infinitesimal dose. Although so little of the properties of this poison are known, it was first made many years ago. Cadet, the famous French chemist, by combining acetate of potassium with white arsenic, produced a fuming liquid which, although he did not know it, was oxide of cadocyl. The German chemist, Bunsen, combined this with cyanogen, a radical of prussic acid, and made cyanide of cadocyl.

The Illinois Central will sell round trip tickets on each Wednesday and Saturday during the months of June, July, August and September to Hot Springs, Ark., at rate of \$15.00, and to Eureka Springs, Ark., at rate of \$17.40. Return limit 60 days from date of sale.

The Ham revival at the Baptist church at Mayfield brought in 108 converts, 79 of whom were baptized at one time by Rev. A. S. Pettie, in one hour and thirty minutes.

The tax levy in Henderson is \$2.25 for all purposes, 35 cents of which is for school purposes.

The Midsummer Styles

The decided change in dress, due to the "1830" revival, is gradually moving onward through the picturesque and semi-severe Directoire phase, marked by board collars, bretelles, waistcoats and gauntlets, into the coquettish femininity of the Second Empire. The preference for gowns of net, silk, chiffon and satin is becoming more evident. Quantities of lace and frillings are used in trimming them. Very pretty Summer gowns show a round or V necked waist over a lace tucker, with undersleeves to match. In some of the newest sleeves, the drop at the elbow is gone, and the greatest fullness appears just below the shoulder; thence it tapers downward into the frills that fall from the elbow, or in, to a mosquitoire, wrinkled and closely fitted. Many of the sleeves are elbow length and call for long gloves.

The newest shoulder wrap is shaped like a bertha or a low-necked mantilla in the back, and has long stole ends that fall gracefully over the arm almost to the floor.

Petticoats of silk and of lingerie are flounced and frilled to an enormous degree in order to support the fullness of the modish skirt. A clever idea is the use of adjustable flounces which button into place upon a washable petticoat that fits the hips like a sheath. From The Delineator for July.

The Up-to-Date Bathing Costume.

The bathing costume has in these days of extravagance achieved rare attractiveness. It is no longer the unsightly garment of heavy blue flannel, with several rows of white braid as its only trimming, but is fashioned from mohair that is almost as lustrous and fine as silk, or of fine serge and cheviot. Even the bathing costume of silk or satin is no longer a novelty. These silk bathing dresses with braid trimmings or bands of contrasting color, are very attractive, and points in their favor are that they dry quickly. Black or dark blue is the choice of the conservative taste, but brown and dark red are seen, and the white bathing costume, trimmed with either white or a color is fashionable. Bathing shoes and stockings, the latter matching the color of the costume, are included in the outfit, and the oil silk cap, with its covering of bright-hued silk, or even a cotton bandana, is not only an attractive conceit, but a thoroughly practical one as well. From an article on outing styles in the July Delineator.

FINLEY SHUCK LOSES.

Brought Suit on Contract Made

With Former Auditor Coulter

For \$2,400 Salary.

Frankfort, Ky., June 9.—The case of the commonwealth vs the Bank of Commerce, on appeal from the Jefferson circuit court, was argued before the whole bench in the court of appeals today. The case is a test case, involving the right of the state to tax deposits in banks, and every bank in the state is interested. John L. Dodd and Judge Humphrey argued for the banks, and Messrs. Lucas and Taylor, auditor's agents, for the State. Decision Against Shuck.

The court of appeals, in an opinion by Chief Justice Burnam, reversed the Franklin circuit and state fiscal court in the case of H. S. Boworth against Finley Shuck. Shuck brought suit on a contract made with former Auditor Coulter, by which he was to receive \$2,400 per annum for a term beginning in 1960. A judgment was rendered in Shuck's favor in the lower court, and the action was to compel Boworth to pay a balance of \$1,500 on a warrant. This court holds the appropriation having been exhausted, it cannot be enforced.

NO PLATFORM IN UTAH.

The Polygamy Question Was The Chief Bone of Contentions.

Salt Lake, Utah, June 9.—The six delegates from Utah to the Democratic National Convention will go uninstructed. Four of the six, it is understood, are against Hearst with a leaning towards Parkers as first choice. Two delegates probably will support Hearst.

ANNOUNCEMENT.

We are authorized to announce
W. L. PARKER
As a candidate for Magistrate in the Third
magisterial district, subject to the action of the
Democratic party.They do say that Wisconsin is
more than likely to go Democratic
this fall.Texas has evidently prepared to
join the Parker column. The state
convention will be held this week.Mark Twain's wife, who died in
Italy last week, was formerly Miss
Olivia L. Langdon. She was married
to Mr. Clemens in 1870.The attendance for the week end-
ing June 4, at the World's Fair,
was 375,146, about 80,000 greater
than any previous week.The paid attendance at the
World's Fair during May was
542,028 and the admissions by pass
aggregated 450,663, making the
total attendance 1,001,391.Clem Hatton, a young Bath coun-
try farmer, became insane over the
Mormon religion and almost
drowned his wife, claiming he was
baptized her in that faith.The salvation army cohorts have
arranged a parade for Tuesday in
New York to precede the sailing of
350 delegates to the international
Congress in London.Rufus Cantrell, the Indiana popis
grave robber, in prison at Michi-
gan City, Ind., is dying of typhoid
fever.Tons of unclaimed letters, papers
and packages have already accu-
mulated at the World's Fair.
Many people order mail sent to the
care of the fair and fail to call for it.The rush of June weddings con-
tinues in all the towns. In Owens-
boro alone eleven are reported in
Sunday's Messenger.The Paducah Register is dis-
turbed because the editor of the
Kentuckian is not following the ex-
ample set by Balaam's saddle
animal, the editor of the Register
and others in that class, who insist
upon talking in the absence of ideas.
The Kentuckian advises the Reg-
ister to adopt the Parker idea and
not talk its fool head off, at least
until it has something to say about
national politics.There is more Cataract in this
country than in all other diseases put
together, and until the last few years was supposed to be
incurable.For a great many years doctors pronounced it a local
disease and prescribed local remedies,
and by constantly failing to
cure with local treatment, pro-
duced an incurable disease. Science
has now proven cataract to be a
constitutional disease and therefore requires
constitutional treatment. Hall's
Cataract Cure, manufactured by F.
J. Cheney & Co., Toledo, Ohio, is
the only constitutional cure on the
market. It is taken internally in
doses from 10 to 250 drops to the
teeth, acts directly on the
lens and mucous surfaces of the system.
They offer one hundred dollars for
any case it fails to cure. Send for
circulars and testimonials.Address: F. J. CHENEY & CO.,
Toledo, Ohio.Sold by Druggists, 75c.
Take Hall's Family Pill for con-
stitutional treatment.

All Humors

Any impure matters which the skin,
liver, kidneys and other organs can
not take care of without help, there is
such an accumulation of them.
They litter the whole system.
Pimples, boils, eczema and other
eruptions, loss of appetite, tired
feeling, bilious turms, fits of indiges-
tion, dull headaches and many other
troubles are due to them.Hood's Sarsaparilla
and PillsRemove all humors, overcome all
their effects, strengthen, tons and
invigorate the whole system."I had salt rheum on my hands so that I
could not work. I took Hood's Sarsaparilla
and it drove out the humor. I continued
it and all the rheum disappeared." Mrs.
Lila O'Brien, Randolph Falls, Me.Hood's Sarsaparilla promises to
cure and keeps the promise.A single issue of the Paducah
Register, that of last Friday, con-
tained abuse of the following Demo-
cratic mentioned by name, as well
as others not named, who were re-
ferred to as "a bunch of dogs:"J. C. Beckham,
J. C. S. Blackburn,
Jas. B. McCreary,
Ollie M. James,
Urey Woodson,
Percy Haly,
Henry B. Hines,
J. Wheeler Campbell,
Harry McClesney,
Jack Chinon,
Geo. V. Green.The "reorganizers" in Kentucky
are busy running first one goldbug
and then another for Urey Woodson's
place as National Committee-
man. It is worthy of note that none
of those suggested has been a loyal
and consistent Democrat for the
last eight years. It is also worthy
of special mention that the news-
papers doing most of the talking
against Woodson, are not organs
of the Democratic party.Santos Dumont sailed for New
York from Havre Saturday on the
French line steamer La Savoie.
His chief engineer, on whom he de-
pends to mount his airship, and
three expert engineers accompany
him. Dirigible balloon, No. 7, with
which Santos Dumont will compete
at St. Louis, is also on the steamer.Col. Thomas Jones, formerly of
Owensboro, but for 18 years consul
at Puchal, Madeira Islands, is at
his old home on a visit for the first
time since 1886. Col. Jones is an
old bachelor, with no known rela-
tive except a sister, who is the
wife of Judge Wm. L. Lindsay, of
New York.Abner McKinley, a brother of the
late President, was found dead in
a chair at his home at Somerset,
Pa., Saturday morning. He had been
a sufferer from Bright's dis-
ease for the past three years. He
was buried yesterday at Canton,
O., his old home.Morton M. Casseday, one of the
best known newspaper men in
Louisville, was found dead in his
bed at the Louisville Hotel Friday
morning. He expired of paralysis
of the heart.Gov. Pennypacker has appointed
Attorney General Philander C.
Knox as Senator from Pennsyl-
vania, for the unexpired term end-
ing next March.The Russian Minister at Berne,
Switzerland, M. Jadowski, was shot
and wounded by a Russian assassin
Friday, on the street in Berne.
The wound is not dangerous. The
assassin, whose name is Linitski,
was arrested.Of the 728 delegates so far chosen
to the National Democratic Convention,
374 are uninstructed. Those
instructed are as follows: For Parker,
178; Hearst, 110; Olney, 32;
Wall, 26; Gray, 6.The Confederate Reunion in
Nashville today is expected to attract
65,000 visitors to the city. The
grand parade will take place on
Thursday. On Wednesday the
cornerstone of the Confederate
memorial will be laid.Judge L. E. Mann, of Morehead,
has withdrawn from the race for
the Democratic nomination for Con-
gress in the Ninth district. This
leaves Congressman Kehoe without
opposition, and he will doubtless be
declared the party nominee.Editor Hancock, of the Pembrooke
Journal, thus voices the sentiment
of all Christian country:"What has come to be known as
a most veritable farce, is to be re-
peated in Hopkinsville during the
next few days. We refer to the
case of two men, one of whom was
brutally murdered an unknown
white man near this city last No-
vember. This farce promises to be
played at least once a year for
years to come at the expense of the
taxpayers."The cases have been continued
till September.In order to conform to the new
Kentucky law prohibiting the co-
education of whites and blacks, the
trustees of Berea College are ar-
ranging for the transfer of their
colored students to other institu-
tions. The younger pupils will be
sent to the colored public schools,
and those of higher grades to Fisk
University, Nashville, or some simi-
lar institution.The Russians have decided to
make no serious attempt to relieve
Port Arthur, though the squadron
will try to escape. The Japs are not making much headway
in their land operation, having lost
several hundred men in the skirmishes of last week.Rev. Dr. John G. Murray, of Baltimore,
who was elected Episcopal
bishop for Kentucky, to succeed
Bishop Dudley, has declined to accept.
Dr. Murray was elected in this
city about a month ago.Secretary of Commerce George B.
Cortelyou has been chosen chair-
man of the Republican national
committee, to succeed the late Mark
Hanna.The Kentucky Editors and their
wives to the number of nearly 200,
left Louisville last night for a visit
to the World's Fair at St. Louis.August Belmont is said to aspire to
the position of Secretary of the
Treasury in President Parker's
cabinet.

CLOSE CALL

For a Baby On South Main
Street.Mr. Julian Adoue's infant had a
very narrow escape from death or
serious injury one day last week.
The nurse, a colored girl, was
holding the child on her shoulder
and just as she lowered the child to
her lap a baseball knocked violent-
ly from an adjoining yard by some
boys who were playing, struck the
girl's shoulder, where the child
had been, and dislocated the bone.
The ball passed near the baby's
head, but it escaped without injury.Disease takes no summer

NOW EFFECTIVE.

Ninety-Seven of the Bills Enacted
By Last Legislature.Ninety-seven of the 131 bills
adopted at the late session of the
General Assembly, became laws in
effect yesterday, June 13, the nine-
teenth day following the adjournment
of the body. The other thirty-four
became laws upon their passage
by virtue of having emergency
clauses attached to them.Of the measures which became
effective yesterday, four carry ap-
pointments to be made by Governor
Beckham. These are the new
Circuit Court Bill for the counties
of Knott, Magoffin and Floyd, in
which a judge and a common-
wealth's attorney are to be named
for service until the election in
November next; the State Embalm-
ers' measure, providing a board of
five members to be styled the State
Board of Embalmers, and whose
authority is to regulate the practice
in Kentucky; the dental measure
authorizing the Governor to ap-
point five members of a State Board
of Dental Examiners, and the State
Board of Health Bill, adding by
appointment, an osteopathic physi-
cian to the State Board of Health.Other measures of general interest
are the registration certi-
ficate for town voters, the Policemen's
Pension Fund Bill for Louisville,
the Six Months' Common School
Term Bill, the measure making
chicken stealing a felony, the Game
Warden and Game Season Bill, the
bill taxing shares of stock of
national banks in the hands of the
bank, the bill providing for renew-
al of franchises of public utility
corporations, the Berea College Bill
prohibiting co-education of races
in any school, the Compulsory Ed-
ucation Bill providing for the elec-
tion of truant officers in the cities of
the State and the bill making
September 1 the date of assessment
of property for the purpose of taxa-
tion.

RACE FOR COWBOYS.

"Punchers" to Ride 1,200 Miles
for Prize and Finish at Gates
of World's Fair.Albuquerque, N. M., June 9.—F.
H. Leland, a veteran cavalryman,
and William Clossen, a well known
cowboy of this section, are organ-
izing a 1,200 mile relay race for
cowboys, open to riders in New
Mexico and Arizona, with the start-
ing point in Albuquerque and the
finish at the gates of the World's
Fair grounds in St. Louis.It has been decided to have relays
at short distances so as to obviate
any charge of cruelty to animals.The purse will be \$1,500, and will
be offered by New Mexico stock-
men. There are already six entries
in the contest, and it is probable
that the start will be made during
the first week in July. The distance
from Albuquerque to St. Louis by rail over the shortest
route is 1,180 miles.

TEN LIVES LOST.

Waterspout in Indian Territory
and Oklahoma.Oklahoma City, O. T., June 10.—
A waterspout has caused the loss
of four lives and much damage to
railway and farm property in Okla-
homa and the Indian Territory.
Nearly five inches of water has
fallen in some places, swelling many
streams. At Hobart, O. T., Charles
Hennessey, a farm hand, was
drowned in crossing Big Elk
Creek, which was out of its banks.
At the town of Mill Creek, Indian
Territory, three persons, names un-
known, were drowned, and the railroad
was washed out. Twelve
miles of Frisco tracks between
Wister and Bengal, and seven
miles of track near Mill Creek, I.
T., have been washed out.

ENDS TO-NIGHT.

Women's Foreign Missionary Society Holding Meetings.

Officers For Ensuing Year to be Chosen and Place of Next Meeting Named.

The Woman's Foreign Missionary Society of the Louisville Conference M. E. Church, South, convened its twenty-fifth annual session at the Methodist church in this city last Friday night. There are about 125 delegates and visitors in attendance and the sessions are proving most interesting and profitable. At the opening session addresses of welcome were delivered by Miss Lelia Mills for the local society, Judge Jas. Breathitt for the church and Mr. James Chappell for the Young People's Society. The response was made by Mrs. W. F. Lloyd, of Bowling Green. The report of Miss Daniel, corresponding secretary, showed that the collections for this year were about \$6,500, an increase of over \$1,000 over last year. There has also been a very flattering increase in the number of societies organized and in membership.

The executive committee held a meeting at 8:30 Saturday morning and the regular business session began at 9:30. The rest of the day was taken up with hearing the various reports of committees, etc.

Sunday morning Dr. Seth Ward, of Nashville, missionary secretary of the church, preached the annual sermon. Sunday afternoon a missionary experience meeting was held and Sunday night Dr. Margaret Polk, who recently returned from China, where she had been engaged in missionary work, delivered an interesting address.

Miss Mary Helm, of Elizabethtown, president of the society, was prevented from being present by ill health. On account of her continued illness Miss Helm resigned her office. Her formal resignation and farewell address was read before the body by Miss Katie McDaniel Saturday morning.

One of the most important events of this meeting was the examination of Miss Eunice Andrews, of Rockfield, Ky., who is a candidate for admission to the training school for missionaries. The report of this examination has not yet been made public.

Rev. J. B. Butler, of Jeffersonville, Ind., son of Mr. W. H. Butler, of Bainbridge, this county, preached Saturday night. Dr. Butler is prominent in missionary work.

Yesterday morning the exercises were opened by Dr. Ward, with a talk on Mexico and China. An interesting paper on Woman's Work, prepared by Mrs. Livingston McCartney, of Henderson, formerly of this city, was read. A brief reading by Rev. Butler closed the morning session.

Yesterday afternoon was taken up with the hearing of reports from the various societies and at night there was a children's service conducted by Miss Olmstead, of Louisville, juvenile secretary, assisted by Mesdames C. B. Petrie and W. A. Wilson, of this city.

At the sessions to day reports and papers will be read, the election of officers for the ensuing year will take place, and the place of holding the next meeting will be decided upon. The convention will adjourn to-night.

NO LIGHTS YET.

Will Be at Least Three Weeks Longer to Wait.

The brick work on the new electric light building was begun yesterday morning and the company now expects to be able to resume business by July 1st or 10th. The fire of May 22nd has left the city in darkness and it will be several weeks before the service can be resumed.

ELECTION FRAUDS

Brought to Light in Warren County Contest.

Special Judge J. J. Osborne, who is trying the Bradburn-Galloway election contest case, overruled the motion of the defense for a continuance to-day. Ballot boxes were brought into court and it was ordered by Judge Osborne that the boxes be opened and the ballots counted. The attorneys for the defense objected to such a course and the case was argued pro and con. The first box was opened from the Kister Mill precinct.

At the conclusion of the court, in Kister's Mill precinct in this city, Bradburn had 197 votes and the company now expects to be able to resume business by July 1st or 10th. The fire of May 22nd has left the city in darkness and it will be several weeks before the service can be resumed.

DAVID AND GOLIATH TO DATE

Though this Giant Trust, the International Binder looks threatening and dangerous to the farmers, yet if they will only stand by the

OSBORNE,

Which is not in the trust, the International will go to pieces in one more season. David will do up Goliath. Don't listen to the false statement that the Osborne is in the trust. If it were, its makers would not allow us to fight the trust. We would have to let up or lose the agency. Such statements are ugly. The meanest thing that can be said about a machine is that it is in the trust. The fellows whose binders are in the trust are like the fox that had his tail cut off. The Osborne is fighting the trust from Maine to California and will win.

NEW STAMPS.

World's Fair Issue On Sale in Hopkinsville.

The World's Fair issue of postage stamps has been put on sale at the local post office. The stamps are commemorative of the Louisiana Purchase and are designed to instruct, as well as to serve the purpose of postage stamps. The stamps are issued in one, two, three, five and ten cent denominations only, and will be on sale from now until Dec. 1, the day the exposition closes.

A brief description of the stamps, which are about the size of the old Columbia stamps, follows:

One-cent—Head of Robert Livingston, Minister to France, who conducted the negotiations leading to the conclusion of the Louisiana purchase; color, green.

Two-cent—Head of Thomas Jefferson, during whose term as President the purchase was made, and who is largely responsible for it; color, red.

Three-cent—Head of James Monroe, special Ambassador to France, who assisted Livingston in conducting the negotiations; color, purple.

Five-cent—Head of William McKinley, who while President approved the act of Congress making an appropriation for the exposition; color, blue.

Ten-cent—Map of the United States in outline with the area embossed in the Louisiana purchase blocked in; color, brown.

Mr. E. B. Long is president.
